August 9, 2019

Mr. Charlie Bush, City Manager
CITY OF SEQUIM
PO Box 1087
Sequim, WA 98382

Dear Sir:

Recently, the HOA Board of Willow Creek Manor met with David Garlington, Barry Berezowsky and Matt Klontz concerning the ownership of the entry island at Broadmoor Street. After some conversation, it was determined that the island didn't belong to residents of Willow Creek Manor; instead, ownership was deemed to be the City of Sequim. With that determination, responsibility of maintenance was transferred to the City.

Maintenance work was recently done; work included filling in the fountain-area, pruning the existing shrubbery, and planting several rose bushes. The physical work resulted in the island being vastly improved and beautified.

This letter is to let you know how appreciative the neighborhood is of the work your staff did in enhancing the island. They did a great job and we could not be happier with the result. Please let everyone who had a part in this project know how thankful we homeowners are.

Sincerely,
Willow Creek Manor HOA

Robert Dachtler, President
