Program Year 2024

LOW INCOME UTILITY DISCOUNT APPLICATION

The City has established a program for utility rate reductions to City utility bills for certain recipients, as described here. Applicants are required to reapply annually to renew eligibility for rate reductions, and those rates will expire on December 31 of each year, regardless of when the application was received. If, during the year, the recipient of the discount either receives income that will no longer allow them to be eligible for the discount or is no longer disabled or otherwise eligible for the discounted rate - the applicant must immediately notify the City Finance Department of any change in status. A 50% discount on base rate fees is available to those Single-Family Residents who qualify for the OLYCAP ILHEAP program (visit their website at <https://olycap.org/energy-assistance/>) or whose annual income does not exceed 150% of the federal poverty guidelines. This program is available to a maximum of 250 customers on a first-come first serve basis. Refer to SMC 13.80.080, 13.80.050, 13.84.080, and 13.84.085 for a complete description of the programs offered.
